Clustertreffen 2024

Lindow, 6.-10.October 2024

Universität
Rostock  Traditio et Innovatio

The Clustertreffen is an informal forum for scientists working in the field of cluster physics and related research areas. The workshop offers the opportunity to present own results and exchange with colleagues.

TOPICS

atomic and molecular clusters
nanoparticles
helium nanodroplets
clusters on surfaces
electronic, optical and magnetic properties
reactivity and catalysis
ultrafast dynamics
nanoplasmas
nanoparticles in FEL laser fields

CONFERENCE FEE

The conference fees include accommodation, full board and use of the sports facilities

Overnight stay single room: 500 €
Overnight stay double/triple room: 430€

VENUE

Sport- und Bildungszentrum Lindow
Landessportbund Brandenburg
